# ABOUT CHACHAVA CLINIC

Reproductive Health Center of Chachava Clinic is based in one of the oldest Maternity Hospitals in Caucasus established in 1875. With the new tendencies and most modern technologies it expanded to a multi-profile hospital, now called Chachava Clinic, and became the leading hospital in Georgia, that offers the patients from all over the world a full range of medical services.

The center dedicated to female and male reproductive health was established in 2014 and because of high pregnancy rates and perfect medical/non-medical services, attracts local and international patients.

**Since 1875**  
***Life Begins Here!***

**Reproductive Health Center of Chachava Clinic is the only center in Georgia that offers:**

- **One stop-solution**, All medical, legal, and organizational services under one roof, so that the patients don't need to care about any detail. **We do that for them!**
- **Smooth, clear, and comfortable egg donation programs.**
- **Donors with open adult pictures** are chosen by the patient from our big database.
- **Affordable cost**, high-quality medical care and modern fertility unit with state-of-the-art laboratory providing patients with technologically most advanced treatment options.
- **Individual care** from the personal program coordinators, what makes patients feel comfortable and relaxed along the proper treatment.

During your treatment cycle, patients can stay at our Hotel that features specially designed luxurious yet pocket-friendly rooms with buffet breakfast served.
